B1. Review of performance (cont'd.)

The division recorded a 12.9% or RM16.1 million decrease in revenue as compared to the same period last year, primarily due to a decrease in sales volume and price of CPO, as well as a drop in sales price of CPKO. This reduction in revenue, combined with increased in operational costs and higher rehabilitation cost incurred by the estates that were acquired last year, resulted in a decrease of RM27.6 million in the division's pre-tax profit for the current period.

Plantation estates in Malaysia which are presently in the development process and partially matured registered total pre-tax loss of RM3.0 million (last year: pre-tax profit of RM0.3 million).
